

Staff Activity Requirements Policy

Institute of Minecraft Studies Publishing Department

I Expectations

1. § Department members are expected to actively participate in the work of the Department.
2. § Therefore, staff must be able to respond to communications as soon as possible, and as a maximum, 36 hours after being contacted.
3. § An Inactive member is defined as a Department member who
 - (1) is not on a leave of absence and
 - (2) has not been active or communicated in 14 days.

II Leave of absence

4. § Temporary inability to fulfil these requirements must be reported to
 - (1) the relevant subdepartment coordinator if the member is working on something and
 - (2) the editor-in-chief, who acknowledges the leave of absence.
5. § Leaves of absence may be as long as required. No justification is required.
6. § The relevant coordinator assigns another staff member to perform the work the person on a leave of absence or the Inactive person was responsible for.

7. § People in special positions (e.g., editor-in-chief, coordinators) should specify a Department member who will discharge the powers and duties of their position during a leave of absence.

8. § The editor-in-chief assigns a Department member to temporarily perform the powers and duties of a subdepartment coordinator if

(1) in case of a leave of absence:

- (i) the coordinator did not specify a replacement,
- (ii) the replacement left the Department, or
- (iii) the replacement is Inactive.

(2) outside a leave of absence: the coordinator is Inactive.

9. § If §8 would apply to the editor-in-chief, the subdepartment coordinators collectively discharge the powers and duties of the editor-in-chief pro tempore.

III Removal

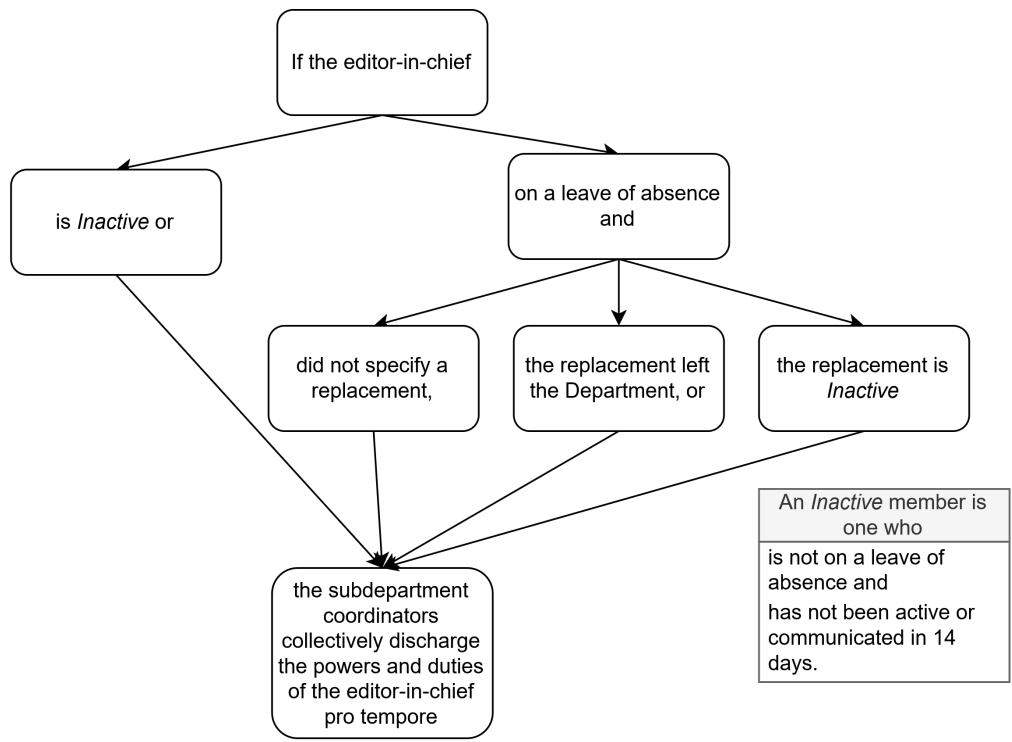

8. § The Department should consider removing members with prolonged leaves of absence or those who fail to meet the expectations of this policy.

9. § The editor-in-chief reaches out to Inactive members. If all known methods of communication have been ineffective for a total of 28 days, the member is removed from the Department.

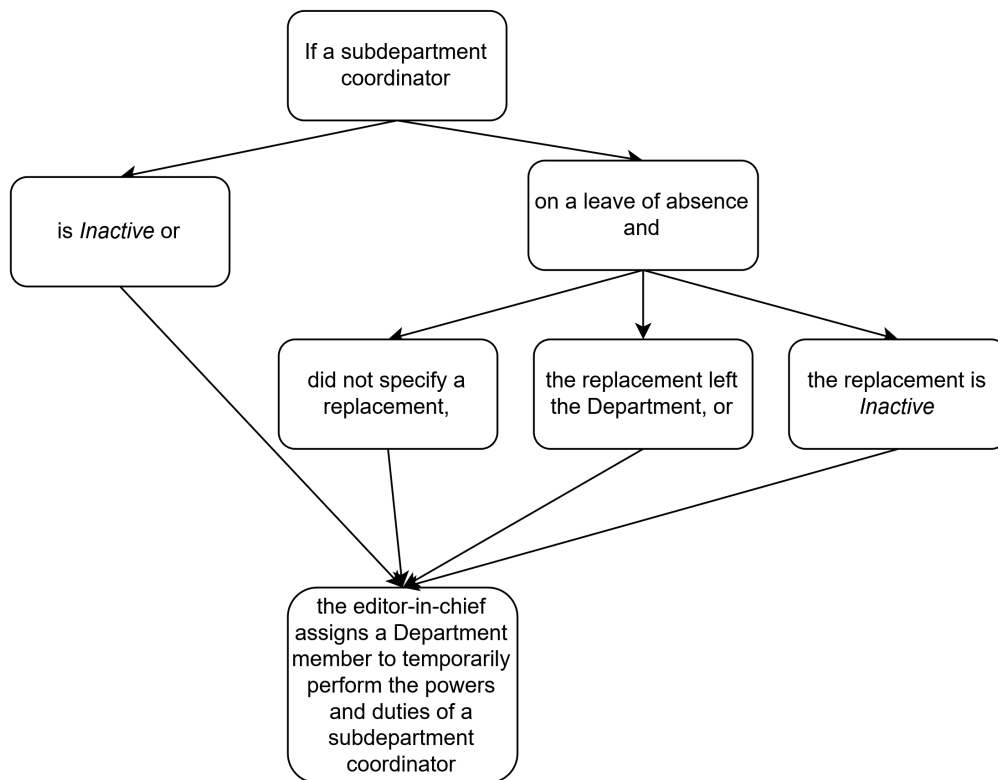

10. § Any Department member may leave by informing the editor-in-chief.

11. § The departure of a member is communicated to the Department by the editor-in-chief.

A Editor-in-chief

B Subdepartment coordinator

C Any Department member
